

# 24 VDC Power Supply

## IP68-rated 100 Watt power supply

The 24 VDC 100 Watt power supply is designed specifically for the sign industry, incorporating innovations that speed installation and ensure reliable performance in harsh outdoor applications. The power supply is IP68 (Ingress Protection) rated to protect from dust and water intrusion. The power supply includes improved stress tolerance in heat-sensitive components and subsystems, with unique design enhancements that strengthen electrical connections while allowing key components to flex to accommodate temperature-related expansion.

- Patented end cap design for easy electrical connections and installation
- Auto-resetting – No fuses to replace or circuit breaker to reset. Short circuit protection automatically resets when short condition is corrected
- Simple secondary hook-ups – No minimum load, dip-switches, or load balancing required
- Modular design – Cluster with standard J-boxes to create multiple 100 W legs
- Rugged and compact

### Specifications

<b>Part number</b>	701895-24C
<b>Dimensions L × W × H</b>	260 mm × 44 mm × 30 mm
<b>Nominal input voltage</b>	100-240 V
<b>Maximum input current</b>	2.0 A
<b>Power output</b>	100 W
<b>Enclosure spec</b>	Dry, damp, and wet locations
<b>Operating temperature</b>	-30° C to +60° C
<b>Protection class</b>	IP68
<b>Compatibility</b>	SloanLED 24 VDC products
